Welcome to Research Station
Your guide for the panel

How to complete a task?
Each week points added to complete a new task, which will appear on the navigation bar on the left. This is a forecast every week for the next 4 weeks.

For each new task you'll automatically receive an email invitation once the task is updated on the site.

Don't log on the panel, click on the new task and follow the instructions provided to activate and complete your answers.

Please note that you are able to contact your answers if you start low to complete the questionnaire a full opportunity.

Please complete each task within the given deadline. This task must be completed in the order they appear.

You are also encouraged to participate and monitor discussion board to share views and opinions with other panel members about each week's task.

How do I qualify for the voucher?
All panel members who have completed ALL tasks qualify for the voucher.

Ipsos Bulletin Board

Welcome to your dedicated Panelist Discussion Board. Take part in the debate, share your views!

This is the Ipsos online forum where you're able to make your views and opinions known and share them with other panelists. Member ship is voluntary and you will be able to leave the panel whenever you wish.

Click on a topic link, read other participants ideas and share your views. Each time you post your comments you will earn a point towards a voucher from an online retailer.

Have your say now in the panel discussion board! Help us understand your interests and opinions.

The way you shop in the supermarket vs online

We'd like you to think about the similarities and differences in the way that you shop when you shop online versus going to the supermarket.

1) What are the similarities?
2) What are the differences?

e.g. thinking about what you actually buy, how you go about planning, what you spend - and ANYTHING else you can think of.

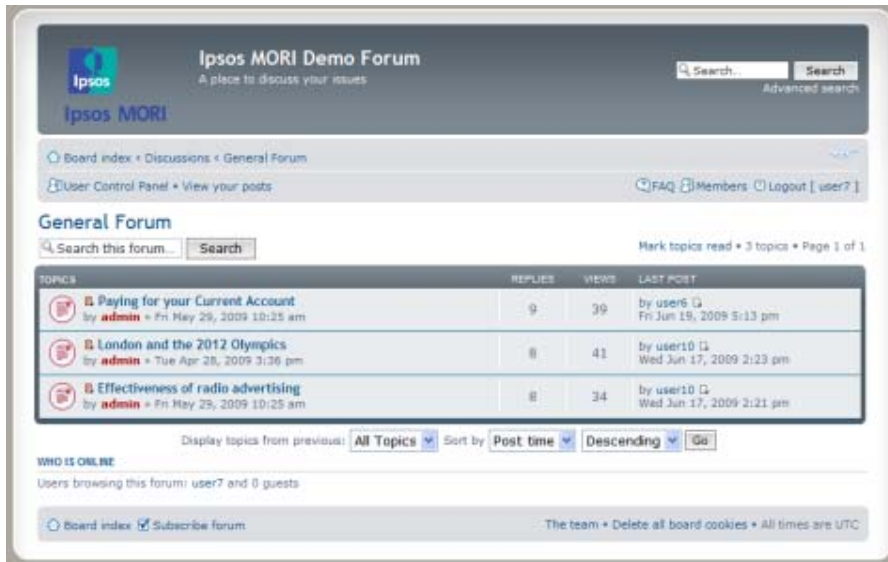

Please tell us as much as possible!

Do most of you feel that there are legitimate reasons for having negative feelings or views with regard to certain immigrant or ethnic groups?

What are these reasons?

I just don't understand how you can go to another country and work without speaking the language

How many English people go and live in France, Spain, etc and learn the local language? Pot and kettle come to mind...

People are ignorant towards things they dont understand and most of the time they dont want to take the time to understand. I believe this is the main reason that tensions arise between people within ethnically diverse communities. As there is no community spirit anymore, people are quick to judge and not quick enough to embrace diversity and accept that people are all different. I dont think people want to get to know their neighbours anymore.

I agree with delb433, but I also think that the media's take on different ethnic groups doesn't help.

London and the 2012 Olympics
by **admin** > Tue Apr 28, 2009 3:36 pm

Do you think the 2012 Olympics will be good for London and why?

Re: London and the 2012 Olympics
by **user7** > Mon Jun 01, 2009 9:09 am

Living in East London I have seen a significant change in the area and old housing has made way for new sports facilities. I can only see this as a positive thing for the area as it is creating new jobs and improving my local area. 😊

Users are able to see other users that are online

The screenshot shows a web browser window titled "Focus group - Microsoft Internet Explorer". The interface is divided into several sections:

- SESSION CONTROL**: Located at the top, it includes a navigation bar with links like "WHO ARE WE", "ONLINE RESEARCH", "PRODUCTS", "WEB RESEARCH", "IIS SOLUTIONS", "PANELS", "FAQ", "PEOPLE", and "CONTACT". Below this is a search bar and a banner for "Trade Memberships and Affiliations".
- WHITEBOARD**: A large central area displaying the "Trade Memberships and Affiliations" banner.
- CHAT WINDOW**: A text-based chat area on the left side of the main content. It shows a system message: "System[13:16] User 1 has joined the room". A moderator message reads: "Moderator[13:19]: As with any focus groups, there are no right or wrong answers, we are only interested in your honest opinions. They are extremely valuable to us and will be used to make improvements to the site." A user message says: "User 1[13:19]: I like the colors".
- EMOTICONS**: A row of various smiley faces and icons located below the chat window.
- LIST OF PARTICIPANTS**: A sidebar on the right side of the interface. It lists "Moderator" and "User 1", each with a small icon and a "send" button.
- PRIVATE CHAT WINDOW**: A separate window on the right side, titled "Private messages (client)". It contains a message from the moderator: "Moderator[13:19]: This window is for communication between moderator, administrator and client".
- GUIDE (visuals)**: A section at the bottom left containing a list of items: "Moderator guide", "1. Welcome chat", "2. Who we are", "3. www.ipsos.com", "4. www.ipsos-interactive.com", and "5. Design - Version 2-1.jpg". Each item has "edit" and "delete" options.
- QUESTIONS**: A section at the bottom right containing a list of questions: "Questionnaire", "1. Ok, let's get started, welcome to our focus group session.", "2. Today, the Communication Dept of IIS would like to invite you to evaluate our newly redesigned website.", "3. The online focus group is very similar to a moderated chat-room. My job is to guide you to the website and give test materials and to ask you questions about what you have seen.", and "4. As with any focus groups, there are no right or wrong answers...". Each question has "edit" and "delete" options.
